Transcribing Clerks to Be Paid According to Their Ability.

NO NEED FOR A BOARD OF REVISION.

Three Penitentiary and Several Workhouse Sentences.

DRIFT OF THE DAY'S DOINGS IN COURT

The County Commissioners are on a strike, and it is one that would undoubtedly he settled in their favor if those who foo public bills and are not subject to boodle influences had their way.

The Commissioners are striking, not against salaries paid for clerical help, but for an equalization of compensation that will give a competent person a better show, and tend to the elimination of the politicalbum element that in return for supposed or real political work or influence demands the privilege of going upon the county payroll several weeks each year as clerks, jury service being insufficient to accommodate all who feel that they have a divine and prescriptive right to soldier at public expense during at least a portion of each year.

Will Pay According to the Work. Heretofore the Commissioners have felt unequal to the task of fighting the horde, but now the exigencies arising under the triennial valuation have so complicated affairs that a remedy of some kind must be had. Mr. Mercer was delegated to formulate a plan, and he has, and it meets the views of Messrs Weir and Boyle. For years the transcribing rooms have cumbered by some incompetents who have a political pull, and these, though doing often less than one-third of the work others often less than one-third of the work others did, got the same pay. As equalization of values is the cry this year as to property assessments, so the Commissioners think equalization should rule in the transcribing rooms also. Accordingly, this season the transcribers will come under civil service regulations, and those who do not do a good dav's work will be paid accordingly, and if it be possible to scrape barnacles off it will be done.

The Commissioners might stand the annowance and the county the cost if it related

novance and the county the cost if it related merely to an ordinary state of affairs, but in the short period intervening between asses-sors' time for turning in their books and the time when the Commissioners must turn them over to the Treasurer that he may be enabled to receive tax, any delay is too costly.

No Board of Revision Needed.

In the hustle between periods all proper-ties cannot be sufficiently considered and the persistent ones demanding assessment abatement are apt to get a better show than those more modest and in this way the burden is unevenly distributed. The plan proposed is something after that outlined when the creation of a board of revision was contemplated. It only contemplates the employment of a few more clerks regularly and the dispensing to a great degree with a large force, but is claimed to be equally as competent to revise assessors as would be a board of revision and does no add to the county's burden, whereas a board of revision would cost \$15,000 a year.

The Commissioners do not express them-selves so radically with regard to bummers and political heelers as given above, but a citizen who has given the subject an investigation does, and it was evident that the Commissioners felt as strongly as he, if they did not talk so radically. The trouble is that the system is so deeply rooted in politics that it is difficult to eradicate it.

## SOME HEAVY SENTENCES.

Three Sent to the Penitentiary and Many to the Workhouse.

In Criminal Court yesterday before Judges Porter and Kennedy 12 cases were disposed of three defendants were sent to the penitentiary and several were given rather severe workhouse sentences.

DIVORCES ASKED AND GRANTED. One Suit Filed and Three Settled by th

Court Attorney D. B. Maxwell vesterday filed the divorce suit of Rosa La Belle Corsaro by her next friend, Eugene Massaio, against

Peter Corsaro. She states that they were narried December 15, 1884. He ill-treated her and deserted her two years ago. A divorce was granted in the case of Dr. Samuel G. Palfreyman against Mary Pal-

freyman. Dr. Palfreyman is 76 years of age and resides at No. 262 Rebecca street Allegheny. He was married for the second time 15 years ago. His wife, it is alleged in the testimony, was dissipated and de serted him six years ago.

Mrs. Lucy J. Durr was granted a divorce

from John K. Durr, the Market street hotel keeper. The charges brought against Durr were abuse and infidelity. The co-respone case was Mrs. Harriet Jarrett, wife of A. C. Jarrett, the real estate agent of the Southside, who disappeared from

view a short time ago.

Elizabeth J. Richards was granted a divorce from James Richards. Cruel treatment was the ground.

Illegal Votes Cast on Both Sides. In the Stayton-Wyman fight yesterday commissioner Shafer opened three ballot boxes, and the discovery was made that the illegal votes corresponded to the allegations made, but the investigation of those three boxes did not go to show that either man had gained anything by the exhibit, or rather that Wyman gained, as the illegal votes were found to be about equally divided, so that if the same rate held until divided, so that if the same rate held until the end the contest will not unhorse Wyman. As the time granted by the court for the examination expires on Saturday, and it was found to be a physical impossibility to get through by that time, the Court was asked to extend the time, and it did for the period of six weeks.

Nichols Held for Trial. J. A. Nichols, arrested Tuesday night on charge of passing counterfeit silver dollars, was given a hearing yesterday afternoon before United States Commissioner McCandless, Nichols, it was shown, had passed two of the bad dollars in stores on Fifth avenue and was trying to pass a third when arrested. At the hearing he claimed to have received the bad coin from a stranger in a store who changed a \$5 bill for him. He could not, however, explain where he got a counterfeit half dollar that was also found on him. He was held for court and in default of \$1,000 bail committed to jail.

A Pair of Patent Cases. A bill in equity was filed in the United States Circuit Court yesterday by the Cowles Electric Smelting and Aluminum Company, of Cleveland, against the Pitts burg Reduction Company. The suit is brought to restrain the defendant firm from using certain patents for smelting ores by electric currents, the plaintiff company claiming to have prior patents. Judg Reed vesterday dismissed the suits of A

Northrop and others against Keighley et al and Rasner & Dinger for the alleged in-fringement of a patent on a metallic ceiling. John Woods Still After His Father. Yesterday was set for a hearing on the third petition de lunstico inquirendo relative to John Woods, whose son William wants taken in charge, but no testimony was taken in charge, but no testimony was taken and the hearing was adjourned a week, counsel for petitioner not putting in an appearance. Attorney Samuel McClay was reappointed commissioner, and the case will probably begin where it left off counsel having agreed to allow the testimony taken previously to go before a jury.

More Actions for Salaries. Præcipes were filed in Common Pleas No. 1 yesterday in the cases of Sheriff Mc-Cleary, Recorder Von Bonnhorst, Register Conner and Clerk of Courts McGunnegle

against Allegheny county to recover the salaries provided for in the act of 1883, the Philadelphia salary act. The cases will be determined by the decision in the case of Treasurer Bell, which was entered Wednes Court News Cat Short.

THE suit of D. F. McAfee against Strieneke & Bro., an action on a contract, is on trial before Judge Collier. In the ejectment suit of Thomas Barreti against the Pennsylvania Company, a ver-dict was given for the defendant. A venticr of \$88 20 for the plaintiff was

given in the case of F. C. Sauers against A Mozersky, to recover architect's fees. THE suit of Lyon, McKee & Co. against the Pittsburg Tea Company, an action on an ac-count, is on trial before Judge White. In the suit of M. L. Wells and C. W. Frank against J. S. McDonald & C., an action for wages, a verdict was given for \$45 33 for the plaintiffs.

Two executions were issued against Frank Davison. One was by C. Kimberland for \$532 55, and the other by Kimberland & Co. for \$1,223 65.

A NON-SUIT was entered in the case of M G. Frank against G. W. Morris et al, direct ors of the Squirrel Hill Electric Road, to recover for work done. In the suit of Abel E. Walker against Me-

Keesport borough, to recover damages for a strip of ground taken from a lot in laving out a street, a verdict was given for \$368 for the plaintiff. THE suit of Mrs. Martha Kennedy against the Duquesne Traction Company, for dam nges for injury to propery, caused by the company raising the grade of Baird street, was compromised on the payment of \$1,000 to Mrs. Kenned...

THE suit of Nicholas Hugerman against Daniel Mangan for damages for the loss of an eye is on trial before Judge McClung.
Mangan was working with an iron bar and
accidentally struck Hagerman in the eye,
destroying the sight of it.

Ax inquest in lunacy was held before Judge in the case of Chris Bauer. He was found to be a lunatic without lucid intervals Bauer is 64 years of age and an old soldier He has a pension of \$12 a menth. Lena Gott hold was appointed to take charge of him. A null in equity was filed by Alfred Daivan against D. F. Brown and W. H. Davis The suit is brought to restrain the defend

ants from boring an oil well within 65 feet of Dairan's house in North Fayette town ship, the allegation being that it would dam-age the property. A VERDICT for the defendant was given in the case of C. S. Crawford against George Poterie, an action for damages for alleg false arrest. Poterie sued Crawford for conspiracy, alleging that he tried to defrace him of his interest in an oil well. Crawford was discharged by the inagistrate.

Pump Stations Are Going Up. ONE FIFTH AND ONE GORDON WELI

The Line Is Being Laid, and Two

No Fifth Sand Oil Found in the Wildcat or the Moorhead Farm.

BIG WELLSTRUCK NEAR FAIRVIEW, W. VA.

The fact was first published in THE DIS-PATCH a week ago that the Producers' Oil Company, which is an issue of the Producers' Protective Association, had commenced to lay its pipe line from Coraopolis to the McDonald field. This statement was indignantly denied by a cotemporary, but nevertheless the new organization has since een pushing the work, and inside of a couple of weeks should have its line in operation. The rights of way have all been secured, and pipe has been strung over half of the distance, while nearly two miles of it has been put together. There will be two pump stations, which are in course of construction, one on the Ewing farm just east of Gregg station, and the other on the Mevey farm, half a mile northeast of Mc-Donald station. Two receiving tanks and a loading rack will be completed at Coraopolis next week. The same company's refinery at Heat place will be finished before the first of the year, and the new pipe line will be an established institution.

ablished institution.

The new line was measured up yesterday and its total length will be about 15 miles ten miles from Coraopolis to the Ewing farm pump station, and four and nine-tenths miles from the Ewing to the Meyey farm station. It is the intention to ship oil East in tank cars from Coraopolis over the Pittsburg and Lake Erie Railroad.

One Fifth Sand Well. Although there are a number of wells located in what is supposed to be good territory, just on top of the fifth sand, but one of them were drilled in yesterday. The Oakdale Oil Company's No. 2 on the Morgan heirs' farm was stopped in the top of the fifth until a broken band wheel could be gan heirs' farm was stopped in the top of the fifth until a broken band wheel could be replaced. The only fifth sand producer reported was the Royal Gas Company's No. 2 on the Mary Robb farm, located nearly a mile northwest of McDonald station, and one of the farthest wells to the west in this locality. It got a pay in the fifth sand at 10 o'clock yesterday morning and is producing 40 barrels an hour. Their No. 1 on this farm made over 100 barrels an hour for several weeks. The Forest Oil Company's No. 5 Herron was on top of the fifth sand last night and will be drilled in to-day. Guffey, Jennings & Co.'s No. 2 J. J. Matthews will be in the fifth to-day or to-morrow, and the Oakdale Oil Company may get that sand to-dhy in their No. 1 on the Hutchinson farm. Greenlee & Forst's No. 8, on the Mevey farm, is on ton of the fifth sand, with a good flow of gas. The Oakdale Oil Company's No. 2 on the Baldwin farm, is also on top of the fifth sand. All of the above wells are in territory which has heretofore produced large wells, and unless the sand has been drained or is more spotted than the proverbial leopard, the new wells will be gushers.

The Only Gordon Sander. There was one big Gordon sand well re-Greenlee & Forst and is located on the Mil-ler lot at Laurel Hill, between Noblestown and McDonald. The pay was struck at o'clock yesterday morning, and at the end of five and one-half hours it had put 122 barrelo of oil in a tank. This is at the rate of 533 barrels a day. The well of the same parties on the Marshall property, a few rods southwest of Noblestown, was 15 feet in the fifth sand at noon yesterday, but had not made a flow. An excellent quality of fifth sand, however, was found, while in McNall & Co.'s well on

Mariant discovered.

F. M. Aiken & Co., on the Patterson lot at Willow Grove station, are on top of the Gordon with an excellent showing of oil. The Oakdale Oil Company's Morgan No. 3 was drilling in the bottom of the Gordon yesterday. Guckert & Steele's No. 9 is practically dry in the Gordon. Guffey, Jennings, Murphy & Co.'s No. 3, J. J. Matthews, reached the third sand yesterday. Gallegher Bros. were expecting the Gordon last evening on the store lot at Laurel Hill. Bardsley & Co. are on top of the Gordon on the Couch iot.

ne Couch lot. The Venture Oil Company's test well on The Venture Oil Company's test well on the Moorhead farm, a mile south of McDonald, is through the fifth and dry in that sand. The Woodland Oil Company was fishing for a bailer on the Gladden farm yesterday and no progress was made with the drill. The Hervey Bros. well on the Catholic Church property, back of Noblestown, was drilling in the Gordon yesterday at noon, but at that hour had not made a flow.

Greenlee & Forst's No. 10 Mevey should be in the Gordon early next week.

Where the Drill Is Going.

Where the Drill Is Going. Guckert & Steele are spudding in their No. 1- McCune. The Banner Oil Company is down 500 feet on the Morgan Elliott farm. In the McCurdy end of the field the Real Estate Oil Company, on the Real Estate property is drilling at 1,000 feet in No. 1, and rigging up No. 2. Brownger & Co. expect to get into the Gordon sand Tuesday on the Duquesne lot, at Laurel Hill, which joins the Miller property, on which Greenlee & Forst Miller property, on which Greenlee & Forst got their big Gordon sander vesterday Koerner, Westhead & Co., on the McFariand lot, is through the Gordon sand, and good for only 50 barrels a day from that rock. The Forest Oil Company is rigging up its No. 8 on the Herron farm. Its No. 2 J. M. Glenn is down about 600 feet. McGinniss & Co. are drilling at 1,600 feet on the D. I. Whitney lot, northwest of Noblestown. McNall & Co. have started to drill to the fifth sand on the Church property. The Little Oil Company, on the Little property east of Noblestown, is down 1,200 feet. Guffey & Galey are spudding in their No. 2 Connell, and have rigs up for Nos. 3 and 4.

. A Fishing Job, The Royal Gas Company is fishing for a bit in its No. 6 Sauters. Nolan & Co., on the Robinson lot near Willow Grove, are down 1.900 feet. Learn & Co., on the Patterson lo at the same place, are drilling at 1,000 feet Boggs & Rosenberg are 800 feet deep on the schoolhouse reserve. The Nenno Bros. are down 1,250 feet on the Andy flurd lot. down 1,250 feet on the Andy Hurd lot. Koerner, Westhead & Co. are 1,000 feet deep on the McDowell, 1,100 feet on the College lot, 1,400 feet on the Kennett, and 1,700 feet on the Matthews Bros. lot. Smith & Donegan, on the McKinney lot back of Willow Grove, are spudding in. Phillips & Stafford are in the salt sand on the Faraday lot. A. Welsh & Co., on the Cunningham lot, are down 300 feet. Crowley Bros. are about 1,000 feet on the Mankadick property. Guekert & Steele's No. 10. Mevey, is drilling at 1,700 feet. Clark & Bannister should be in Gordon Tuesday on the Walker lot.

two weeks her recovery was complete. She has since enjoyed as good health as ever be-fore in her life.

fore in her life.

A gentleman had chronic rheumatism.

Joints stiff and every motion attended with great suffering. When he called on Dr. Lowe he could scarcely walk. After the first treatment he felt great relief, and in one month was cured.

Another gentleman had lumbago; could not stand without support. After one treatment he could stand without assistance, and after his second treatment could walk with ease.

after his second treatment could walk with ease.

A young man had catarrh, which led to deafness of one ear, with an offensive discharge. Tried leading ear specialists to no avail. After one month's use of electricity from Dr. Lowe he was cured, and since then his general health has been better than it had been for years. These patients will gladly describe their condition and cure to anyone. Their names can be obtained at our office.

Dr. Lowe is, a graduate from the Philadelphia Electrical College. His sp cialty is Paralysis, Neuralagia, Rheumatical, Santica, Nervous Prostration, Blood and Skin Diseases. Other diseases treated at the Institute, Catarrh, Dyspepsia and Diseases of Women.
